Annual Report on the Jails of the North West Frontier Province for the year 1929.

REVIEW BY THE CHIEF COMMISSIONER.

The problem of overcrowding in the jails of this Province which has received considerable attention in previous reviews, has, in the year under report, reached very serious proportions.

The slight improvement noticeable in the year 1928 in the number of admissions to jails, has in the present year not been maintained: 15,113 prisoners were admitted in 1928 as against 16,939 in the year under report. This represents an increase of 1,826 over the previous year and an increase of 2,533 over the average for the past five years. This increase applies to all classes with the exception of civil prisoners and has resulted in very serious overcrowding. Accommodation upto March 1929 was available for 3,297 prisoners only and after March this was increased to 3,888 by the completion of the extension of Dera Ismail Khan Central Jail which provided further accommodation for 482 prisoners. Extra barracks in Bannu and Abbottabad jails accounted for the rest of the increase. The daily average number of prisoners for the period under review was 4,627.

This large surplus of prisoners had, as previously, to be accommodated in factory sheds and tents. In the year 1928 the daily average surplus of prisoners over accommodation, amounted to 1,000, and the extension of the Dera Ismail Khan Jail has reduced this number in the year under report to 739. It is not probable that this problem will be solved until the new Central Jail at Haripur is completed, and although this work is well in hand, and a sum of Rs. 2½ lakhs was spent during 1929 and a further sum of Rs. 10,30,000 has been allotted for expenditure during 1930, it is not expected that this jail will be ready for occupation until 1932.

2. The general health of prisoners was exceptionally good, inspite of the serious difficulties caused by overcrowding. The daily average number of sick was 103 as compared with 102 in the previous year while for the year under report the daily average population had increased by 336. The total number of admissions to hospital only increased by 130 over last year. Admission for malaria increased from 711 to 801 only, and there was only one death due

to this disease. The campaign against tuberculosis has been remarkably successful and has resulted in a decrease of cases of pulmonary tuberculosis from sixty to thirty-five while there has been an admission of twenty-four cases in other T. B. diseases against thirteen in the last year showing a small increase *viz.* eleven cases. All prisoners suffering from this disease are now treated in the Abbottabad Jail where a special jail hospital has been constructed.

3. A high standard of discipline has again been maintained and the ratio of punishments to the average population is twenty-eight as compared with thirty-eight, the average ratio of the past five years. In the previous year the ratio was twenty-three and the slight increase in the present year is accounted for by the fact that over 200 dangerous habitual convicts were returned to this Province as they had taken part in riots in extra-provincial jails. The infliction of severe punishment upon these convicts was essential to the restoration of discipline among them. One prisoner escaped from the Peshawar Central Jail and was at large for nine days. The warder responsible was dismissed from the service for neglect of duty.

Severe punishment to warders who have been guilty of trafficking in forbidden articles is effectually checking this breach of discipline.

4. The remission system has worked satisfactorily this year and is more popular with the convicts, by whom it is thoroughly understood, than the gratuity system for good work, and is proving more economical to Government. During the year 1,529 prisoners were released under this system as compared with 1,653 in 1928.

5. The percentage of prisoners sentenced for periods not exceeding one month remains at a very high figure being 7·29 as compared with 7·55 in the previous year and 6·48 in 1927. The Chief Commissioner notes with regret that greater regard has not been given to his repeated instructions in this connection and would again draw the attention of all magistrates to the matter.

6. Convict officials have again rendered valuable service to the administration during the year but the percentage thus employed to the average population has fallen from thirteen to eleven.

7. There has been a large increase in jail profits, both direct and indirect in the year under report. Direct gross profits show an increase of Rs. 25,723 being more than double the figure for the previous year, while indirect profits in the year under report amount to Rs. 3,52,877 as compared with Rs. 3,12,985 in 1928. This result is due to the efforts of the Superintendent, Peshawar Central Jail, in obtaining markets for jail goods. The orders received from Government departments show practically no increase in spite of the instructions issued by the Chief Commissioner to heads of departments This is seriously affecting many jail industries particularly in Dera Ismail Khan Central Jail where there is practically no outside market.

8. The total cost of maintenance of prisoners has increased from Rs. 5,59,249 to Rs. 6,44,232. Cash profits of Rs. 49,716 may be deducted from this sum, which reduces the cost per head to Rs. 128-8-0 compared with Rs. 122-10-0 in the previous year.

9. The Chief Commissioner desires to acknowledge the services rendered by Lieutenant-Colonel C. I. Brierley, C.I.E., I. M. S., who continued to hold charge of the jail administration of the Province throughout the year and also those of Captain A. E. D. Harvey, I. M. D., Superintendent, Peshawar Central Jail, and Rai Sahib Pandit Parma Nand, Superintendent, Dera Ismail Khan Central Jail. The Chief Medical Officer has also brought to the notice of the Chief Commissioner the good work performed by Head Jailors Hukam Chand and Thakar Dass and Jail Accountant Lala Devi Chand.

L. W. JARDINE,

Secretary to the Chief Commissioner,

North West Frontier Province.

FROM

LT.-COL. C. I. BRIERLEY, C.I.E., I. M. S.,

Inspector-General of Jails,

North West Frontier Province

To

L. W. JARDINE, ESQUIRE, I. C. S.,

Secretary to the Hon'ble the Chief Commissioner,

North West Frontier Province.

Peshawar, 29 May 1930.

SIR,

1. Introductory—

I have the honour to submit the Annual Administration Report of the North West Frontier Province Jail Department for the year 1929. I held the Office of Inspector-General throughout the year.

JUDICIAL.

2. Number of jails and lock-ups—

There has been no increase in the number of jails. Judicial lock-ups have, however, increased by one, by the addition of judicial lock-up at Haripur, the total number now being nine. If the Police lock-ups and the lock-ups in agencies are added, these will number over ninety.

3. General summary of all classes of prisoners—

The total number of all classes of prisoners admitted during the year was 16,939 as compared with 14,406, the average number for the preceding five years, there being an increase of 2,533 during the year under report. This is

shown in the following table :—

	Total prisoners in 1929	Average for 1924 to 1928	Daily average for 1929	Mean daily average for 1924 to 1928
Jails	10,764	7,953	4,627	3,638
Lock-ups ...	6,175	6,453	376	312
Total ...	16,939	14,406	5,003	3,950

Appended below is a summary of the number of new prisoners admitted and the daily average population by classes and sexes in the years 1928 and 1929. The figures refer both to jails and lock-ups and exclude prisoners remaining over from the previous year and those received by transfer from provincial jails :—

Classes of prisoners	Received during the year				Daily average			
	1928		1929		1928		1929	
1	2	3	4	5	6	7	8	9
	Males	Females	Males	Females	Males	Females	Males	Females
Convicts ...	4,617	162	5,235	132	3,819	47	4,148	48
Under-trials ...	9,342	313	10,642	323	668	19	715	15
Civil ...	678	1	607	...	68	...	77	...
Total ...	14,637	476	16,484	455	4,555	66	4,940	63
Grand total ...	15,113		16,939		4,621		5,003	
	Increase 1,826				Increase 382			

The above table shows that there was an increase among all classes of prisoners except civil prisoners as compared with the previous year. The result was serious overcrowding in all jails and lock-ups during the year.

4. **Numbers and disposal of convicted prisoners**—

Statement No. I.—The number of convicts admitted into the jails (excluding lock-ups) was 4,098, *i.e.* there were 369 more new admissions of convicts than the preceding

year, and the daily average number was 4,196 as compared with 3,866 in 1928, *i.e.* 330 more than in the previous year. The number of executions was twenty as compared with twenty-seven in 1928. Deaths among convicts numbered fifty-one as compared with sixty seven in 1928. Releases were made on the following grounds :—

	1928	*1929*
On appeal	550	838
Under remission rules ...	1,653	1,529
To lunatic asylum ...	2	...
By order of Government—		
(*a*) On account of sickness ...	24	38
(*b*) On other grounds ...	133	163

In the following table the number of convicts received and their disposal is summarised :—

Remaining on 31 December 1928 ...		3,902
Received from extra-provincial jails ...		345
Received by direct admission ...		3,753
Received from judicial lock-ups ...		844
Total ...		8,844
Disposal—		
(1) Released		4,038
(2) Transferred to extra-provincial jails—		
To undergo sentence. (*a*) For transportation ...	...	
To undergo sentence. (*b*) Long term prisoners ...	22	
To undergo sentence. (*c*) Adolescents and juveniles to Borstal Institute ...	167	
To undergo sentence. (*d*) Females to Female Jail, Lahore ...	12	
(*e*) Military prisoners for release ...	39	
(*f*) Other for release ...	33	
(*g*) For other purposes ...	59	
Total ...		332
(3) Lunatic asylum ...	...	
(4) Executed... ...	20	
(5) Died	51	
(6) Escaped	1	
Total ...		72
(7) Remaining ...		4,442
Grand total ...		8,844

5. Religion of convicts admitted—

Statement No. II.—Of the total number of convicts admitted 4,442 were Muhammadans, 144 Hindus and Sikhs, three Christians and eight all other classes. The percentage of Muhammadans was 96·6 and of Hindus 3·1 against 95·9 and 3·8, respectively, in the year 1928.

6. Admissions according to age—

At the beginning of the year there were three juveniles under sixteen years of age, and twenty-seven were admitted during the year as compared with twenty-six, the annual average for the preceding five years. Nineteen were released, one transferred to the Reformatory School at Delhi, eight transferred to the Borstal Institute, Lahore, and the remaining two still retained at the end of the year.

7. Education and previous occupation—

The percentage of literate convicts admitted during the year was 3·1 against 3·9 in 1928.

The percentage of male and female prisoners to the free population was 0·39 males and 0·01 females.

8. Nature and length of the sentences—

Statement No. III.—The nature and length of sentences awarded in 1929 and the mean of the preceding quinquennium were as follows :—

	1929	*1924 to 1928*
Simple imprisonment ...	459	251
Rigorous imprisonment ...	3,761	3,043
Rigorous imprisonment with cellular confinement	367	666
Rigorous imprisonment with whipping ...	10	23
Total ...	4,597	3,983

The number of prisoners sentenced for periods not exceeding one month was 335, being 7·29 of the total number of convicts admitted. It will be noted that the number of such sentences still reaches a high figure. Eleven convicts under sentence of death remained in the jails on 31 December 1928, and twenty-three convicts were sentenced to death during 1929 as compared with forty-seven in 1928. Of the total number twenty were executed during the year.

9. **Previously convicted prisoners—**

Statement No. IV.—Three hundred and eighty-nine convicts were received in default of finding security during the year. Of these 189 had no previous conviction. Only seven youthful offenders under fifteen years of age were admitted, none of whom had been previously convicted.

10. **Particulars regarding habitual prisoners—**

In the following statement particulars are given regarding habitual prisoners admitted in the five jails in the Province. This constituted only four per cent. of the total admission :—

Serial No.	Jails	Number of convicts admitted during the year	Number of convicts in column 3 identified as "habituals" before conviction and classified as such by the convicting courts	Number of convicts in column 3 classified as "habituals" by the district magistrate or magistrate specially empowered (not being convicting court)	Number of convicts in column 3 classified as "habituals" by the jail superintendent	Total habituals admitted	Ratio per cent. of column 7 to 3
1	2	3	4	5	6	7	8
1	Peshawar ...	1,937	84	...	2	86	4
2	Dera Ismail Khan	345	23	...	3	26	7
3	Bannu ...	952	40	...	2	42	4
4	Kohat ...	581	36	...	...	36	6
5	Abbottabad ...	782	10	...	...	10	1
	Total ...	4,597	193	...	7	200	4

Note.—Prisoners imprisoned in default of furnishing security under section 110 of the Criminal Procedure Code are not included in statement.

11. **Prisoners in jails awaiting trial—**

Statement No. XVIII.—At the beginning of the year 342 prisoners awaited trial in all the jails, 5,322 were received during the year and 346 remained at the last day of December 1929. The daily average number was 420 as compared with 408, the mean annual average for the five years ending 1928. Of the total of 5,664 twenty per cent. were convicted, seventy-four per cent. were acquitted or released, one per cent. died and the remainder were still awaiting trial.

12. **Prisoners confined in lock-ups apart from jails—**

Appendix to statement No. XVIII.—During the year under report 7,834 male and 258 female prisoners were admitted into the nine judicial lock-ups. The number remaining at the beginning of the year was 346 male and ten female prisoners. The daily average numbers were 367 males and nine females, whilst the mean daily average numbers for the preceeding five years were 304 males and eight females. The figures recorded are greater than in previous year, owing to the increase in the number of lock-ups by one. The cost per head for maintenance was Rs. 167-1-3 as compared with Rs. 191-3-2 annual average cost for past five years. Three deaths occurred among the under-trials and one among civil confined in these lock-ups. There has been no escape during the year from lock-ups.

13. **Escapes and recaptures of convicts—**

Statement No. V.—One convict with sentence under seven years escaped from the Peshawar Central Jail who was, however, recaptured after an absence of nine days. The warder at fault for neglect of duty in this respect was dismissed from the service.

14. **Imposition of fetters—**

During the year 2,571 convicts were fettered as compared with 2,364 in the previous year In 2,385 cases fetters were imposed for safe custody and in 186 cases as a punishment.

The length of time for which fetters were imposed and the percentage for each period of the total number wearing fetters were as follows :—

	Number	Percentage
Under one month ...	236	9
One month and less than three months ...	557	22
Three months and less than six months ...	508	20
Six months and less than twelve months ...	365	14
Over twelve months ...	905	35
Total ...	2,571	100

15. **Offences committed by convicts—**

Statement No. VI.—This statement shows the number of offences committed by convicts and the punishments

inflicted on them. The total number of major and minor punishments awarded by the superintendents was 613 and 523, respectively, a total number of 1,136 against 882 in 1928. The ratio of punishments in the daily average was twenty-eight as compared with thirty-eight, the mean average ratio for the preceding five years. The punishments awarded were on account of breaches of jail discipline. The increase when compared with the figures of past year is mainly due to the fact that over 200 dangerous habitual convicts were received from extra-provincial jails for having taken part in riots in those jails. Severe punishments had to be inflicted on these prisoners before discipline amongst them could be restored. Though trafficking in forbidden articles still continues, it is less than in previous years. Severe and deterrent punishments to warders who are the worst offenders in this respect is checking the evil.

16. Corporal punishment—

The total number of corporal punishment was thirteen against seven, the mean average for the five years ending 1928. These were inflicted in the Peshawar and Dera Ismail Khan Central jails only. These floggings were administered for assaulting jail and convict officials.

17. Comparison between punishments inflicted on habitual and casual prisoners—

The daily average number of habituals was 543 and in all 234 punishments were inflicted on them: these comprised 149 major and eighty-three minor punishments. Only two were, however, flogged. The ratio of punishments was forty-three in the case of habituals and in the case of casuals twenty-four.

18. Remission system—

Statement C.—During the year under report 1,529 prisoners were released under the remission system. The maximum remission earned was 1,629 days, the original sentence in this case being sixteen years. As pointed out in the last year's report, the remission system is explained to the convicts at certain parades and is well understood by them.

Prisoners prefer remission to a gratuity for extra outturn of work or exceptionally good work and therefore no gratuities are given them. This method of dealing with

prisoners is also economical from the Government point of view.

19. **Convict officers—**

A daily average of 436 prisoners were employed as convict officers during the year. The percentage of those thus employed to the daily average population was eleven against thirteen in the last year. This class of official as heretofore behaved well and rendered valuable service during the year.

20. **Scale of diet—**

The scale of diet of prisoners as laid down in Punjab Jail Manual was adhered to throughout the year except that the wheat flour was issued to prisoners throughout the year in the interest of the health of the prisoners. This has been found very satisfactory.

FINANCIAL.

21. **Expenditure on guarding and maintenance—**

Statement No. IX.—The expenditure on guarding and maintenance of prisoners including the cost of supervision but excluding that of buildings and repairs was Rs. 6,49,232 as compared with Rs. 5,59,249 in the previous year. The average cost per head was Rs. 139-3-9 as compared with Rs. 130-5-3. The increase in the population is responsible for the increase in the expenditure during the year. The detailed causes of increase of expenditure is explained in the following paragraphs under the proper heads of expenditure.

22. **Establishment charges—**

Establishment charges amounted to Rs. 2,02,512 as compared with Rs. 1,86,310. This shows an increase of 16,202. The cause of increase is mainly due to the grant of—

(1) periodical increments to the whole-time superintendents of Dera Ismail Khan and Bannu jails,
(2) periodical increments to the jailors and warders staff in the Province, and
(3) to the entertainment of extra temporary staff on account of overcrowding in the jails.

23. Dietary charges—

The total expenditure under this head was Rs. 2,48,368 as compared with Rs. 2,12,226 in the previous year. The increase of Rs. 36,142 is due to the progressive increase in the daily average number of prisoners and to the issue of pure wheat throughout the year. The cost of dieting per head was. Rs. 54-8-0 against Rs. 50-2-7 in 1928. Vegetables grown in the jail gardens by convict labour were supplied to the prisoners free of cost. This contributed towards reducing the dietary charges by Rs. 56,686. A sum of Rs. 1,373 realised from the sale of garden produce sold in the market and issued to political and civil prisoners was paid into the treasury. In 1928 Rs. 2,137 was realised on this account. The sale of vegetables to public has since been discontinued altogether.

24. Hospital charges—

The total expenditure under this head was Rs. 26,610 as compared with Rs. 23,294 in 1928 and the average cost per head Rs. 5-12-0. The cause of increase is mainly due to—

(1) the increase in population, and partly to
(2) the purchase of microscope and weighing machine for the Bannu Jail.

25. Clothing and bedding—

The total expenditure under this head was Rs. 90,435 as compared with Rs 62,783. The increased population is responsible for the increase in expenditure under this head.

26. Sanitation charges—

The total expenditure under this head was Rs. 7,784 as compared with Rs. 7,790 in 1928.

27. Charges for moving prisoners—

Under this head Rs. 6,666 were expended during the year against Rs. 6,481 in 1928.

28. Charges for other miscellaneous services and supplies—

During the year the total expenditure under this head was Rs. 40,563 against Rs. 36,630 in the last year. The increase is mainly due to the provision of electric lights in the new barracks, etc., in Dera Ismail Khan Central Jail.

29. Travelling allowance—

A sum of Rs. 5,665 was the expenditure under this head as compared with Rs. 7,223 in the previous year. The decrease is due to the fact that less transfers were made among the staff during the year.

30. Contingencies—

The total expenditure for contingencies was Rs. 8,875 against Rs. 7,801 in 1928.

31. Extraordinary charges—

Under this head Rs. 6,754 was the expenditure during the year under report as compared with Rs. 8,711 in 1928.

32. Employment of prisoners—

Statement No. XI.—The average number of prisoners sentenced to labour on working days was 4,064 and the daily average number of sick was 100. The prisoners were employed as follows :—

Prison officers and servants... ...	999
On garden work	129
On preparation of articles for jail consumption ...	781
On jail repairs	202
On factory work	1,402

33. Result of manufactory operation—

Statement No. XII-A.—The total cash profit during the year amounted to Rs. 49,716 as compared with Rs. 32,938 and the earning per head of those employed on jail manufacture was Rs. 35-7-0 as compared with Rs. 23-11-0. This gratifying result is mainly due to the persistent efforts of the Superintendent of Peshawar Central Jail to obtain markets for our jail goods and the excellence of the products manufactured in that jail.

Profits were made in the undermentioned branches of the factories during the year under report :—

	Rs.		Rs.
(1) Cotton durries ...	12,147	(7) Caning ...	1,316
(2) Cotton clothing ...	7,579	(8) *Mazri* mats ...	1,028
(3) Woollen clothing ...	4,185	(9) *Chick*-making ...	1,112
(4) Paper-making ...	1,279	(10) *Chapli*-making ...	5,916
(5) Oil-pressing ...	5,302	(11) All other industries	9,046
(6) *Munj* mats ...	806		

Gross profits amounted to Rs. 49,330 as compared with Rs. 23,607, *i.e.* an increase of Rs. 25,723. This is most

satisfactory. The profits earned would have increased by an additional amount of about Rs. 55,000 if the cost of convict labour employed in the Peshawar Central Jail Press, the Lady Reading Provincial Hospital, and the Government House, etc., had been charged for as in the case of Punjab jails. However in this connection I would point out that the employment of prisoners outside the jail was absolutely necessary, not only to keep them employed, but in order to keep them in good bodily health owing to serious overcrowding.

Further I would point out that orders received from Government departments for the purchase of furniture, etc., have been and are still negligable and I trust that steps will be taken by the Local Government to rectify this unfortunate state of affairs which may shortly lead to the closing down of many industries, especially at Dera Ismail Khan Central Jail where there is no market for our goods.

34. Indirect profit—

Indirect profits, excluding the manufactory profits, amounted to Rs. 3,52,877 during the year under report as compared with Rs. 3,12,985 in 1928. This profit represents the value of labour employed gratis on repairing articles for the use of, or consumption by, prisoners, guarding on and repairing of buildings, etc. The increase is due to the fact that more prisoners were employed owing to the larger number of convicts confined in the jails.

35. Total cost of maintenance—

Statement No. XIII.—The total cost incurred in maintaining the prisoners was Rs. 6,44,232. After deducting the cash profits namely Rs. 49,716 the net cost of the maintenance was therefore Rs. 5,94,516 against Rs. 5,26,311 and the cost per head was Rs. 128-8-0 as compared with Rs. 122-10-0. The increase in the net expenditure is due to increase in the jail population during the year under report.

VITAL STATISTICS.

36. Accommodation—

Statement A.—The total jail accommodation available at the end of the year was for 3,888 prisoners as compared

with an accommodation for 3,297 prisoners in the last year, while the daily average of all classes of prisoners during the year was 4,627. Surplus prisoners were kept in barracks, factory sheds and tents. All the jails were overcrowded throughout the year, except Dera Ismail Khan Central Jail when, on 25 June 1929, the new extension was taken over and thus the accommodation was increased to 1,490.

37. **Sickness and mortality—**

Statement No. XIV.—The daily average number of sick of all classes of prisoners was 103, giving a ratio of twenty-two per thousand of average strength. Fifty-eight deaths occurred during the year 1929. Among convicts the daily average number of sick was ninety-nine and there were fifty-one deaths.

38. **Admissions and deaths from chief diseases—**

Statement No. XV.—The general health of the prisoners confined in the jails during the year under report was exceptionally good inspite of serious overcrowding and increase in average population. The total admissions during the year was 2,041 as compared with 1,911 in the previous year.

The following table shows the chief diseases causing admissions and deaths as compared with the previous year :—

Diseases	Admissions		Deaths	
	1928	1929	1928	1929
(1) Malaria ...	711	801	3	1
(2) Diarrhœa ...	60	83	3	...
(3) Dysentery ...	66	39	8	...
(4) Pulmonary tuberculosis ...	66	35	14	8
(5) Other tubercular diseases ...	18	24	...	8
(6) Pneumonia ...	74	52	16	12

No cases of pulmonary tuberculosis were transferred to the Shahpur Jail during the year. Out of twenty-eight cases remaining from last year in Shahpur Jail eighteen were discharged and ten are still remaining in that jail. Although the year under review was comparatively a healthy one, a considerable number of prisoners on admission were found to be suffering from chronic malaria due without doubt to the severe epidemic of malaria which occurred among the surrounding population during the last three months of the year as the result of an unusually heavy monsoon in the Province during August and September. Rigorous anti-malarial measures and systemetic issue of quinine to the prisoners as a prophylactic were directly responsible for the good health obtaining during the year.

The campaign against tuberculosis continued throughout the year and is responsible for the exceptionally low tuberculosis incidence in spite of severe overcrowding obtaining during the year. There were only thirty-five admissions for pulmonary tuberculosis as compared with sixty-six in the preceding year.

During the year a new ward for twenty-four T. B. cases was constructed in the Abbottabad Jail, making a total accommodation for forty such prisoners in this jail. All prisoners suffering from tuberculosis are now concentrated in this jail.

39. **Mortality amongst convicts according to length of time in prison.**

Statement No. XVII.—Out of a total of fifty-one convicts who died during the year, twenty-five had been in prison for less than one year, seventeen above one year and under three years, eight above three years and under seven years and the remaining one above seven years.

40. **Increase or decrease in weight of convicts discharged—**

Statement B.—Four thousand and thirty-eight convicts were discharged during the year. Of these 2,282 gained weight in jail and 570 had lost weight during their confinement, while the remainder, *viz.* 1,186 neither lost nor gained weight.

BUILDINGS.

41. **Expenditure on jail works—**

The amount expended on jail buildings during the year

was Rs. 1,00,302 of which Rs. 10,933 were spent on repairs, Rs. 81,287 on original works by Public Works Department, and Rs. 8,082 on petty construction and repairs by Jail Department.

The following are the most important works completed by the Public Works Department :—

Peshawar Central Jail.

(1) Remodelling assistant jailor's quarters.
(2) Providing additional quarters for the superior staff.
(3) Electricity and water-supply.
(4) Constructing new kitchen on modern principales.

Dera Ismail Khan Central Jail.

(1) Providing electrical installation.
(2) Constructing solitary cells.
(3) Constructing factory sheds.
(4) Constructing a new hospital.
(5) Constructing drainage.

Bannu Jail.

Conversion of two blocks cubicle (one twenty-four cubicles and other twenty-eight) into barracks.

Abbottabad Jail.

Constructing a new T. B. ward for twenty-four prisoners and additions and alterations to the existing T. B. ward.

INSPECTION AND VISITS.

42. Official and non-official—

Visits were paid by official and non-official visitors as follows :—

By the Hon'ble the Chief Commissioner ...	3
By the deputy commissioners and officers acting for them	106
By divisional judges	3
By district judges	13
By police officers	8
By officers of the Public Works Department ...	16
By other official visitors	15
By Inspector-General of Jails ...	43
By non-official visitors	126

CONCLUDING REMARKS.

43. General—

Though the accommodation for 500 prisoners in the Dera Ismail Khan Central Jail has been completed, yet it has not relieved the congestion in the jails as already stated in the last year's report. The construction of the Haripur Central Jail has been taken in hand during the year under report. A sum of Rs. 2,63,397 was allotted for expenditure during the year. A further sum of Rs. 10,30,000 has been allotted for expenditure on the construction work of this jail puring 1930-31. The work is progressing satisfactorily and it is expected that the jail will be ready for occupation in 1932.

REMARKS REGARDING STAFF ATTACHED TO JAILS.

Inspite of very serious overcrowding it is interesting to note that the discipline throughout the jails of the North West Frontier Province has been exemplary. There has been no riot or any serious offence committed by prisoners in breach of jail discipline. It is also interesting to note that the health of the prisoners has been very good and no serious epidemics of infectious disease have occurred.

I should like to specially mention the very good services which Captain Harvey, I. M. D., has rendered to Government throughout the year as Superintendent of the Peshawar Central Jail. He has greatly improved the industrial works of the jail not only profitable to Government but also to the prisoners, many of whom will now be in a position to find useful employment when released from jail.

Rai Sahib Pandit Parma Nand was transferred during the year from Bannu to Dera Ismail Khan Central Jail and has worked very well as Superintendent of Dera Ismail Khan Central Jail.

Head Jailors Hukam Chand and Thakar Dass have done good work.

The work of my office has considerably increased and is increasing year by year and I am glad to record that although the clerks were heavily overworked they kept up-to-date with their work.

My Jail Accountant, L. Devi Chand, carried on his duties very satisfactorily.

I have the honour to be,

Sir,

Your most obedient servant,

C. I. BRIERLEY, Lt.-Col., I. M. S.,

Inspector-General of Jails,

North West Frontier Province.

GP&SO-NWFP—48CMO—FB55—31-7-30—(6)

STATEMENTS

GENERAL SUMMARY.

STATEMENT No. I—Number and disposal of convicts in the jails of the North West Frontier Province during the year 1929.

" " II—Religion, age, state of education and previous occupation of convicts admitted into the jails of the North West Frontier Province during the year 1929.

" " III—Convicts admitted into the jails of the North West Frontier Province during the year 1929 and those remaining on 31 December of that year according to nature and length of sentences.

" " IV—Convicts admitted into the jails of the North West Frontier Province during the year 1929 who had been previously convicted.

" " V—Escapes and recaptures of convicts in the jails of the North West Frontier Province during the year 1929.

" " VI—Offences committed by convicts and punishments inflicted on them in the jails of the North West Frontier Province during the year 1929.

" " IX—Expenditure in guarding and maintaining the prisoners in the jails of the North West Frontier Province during the year 1929 excluding the cost of building new jails, of additions, alterations and repairs.

" " XI—Employment of convicts in the jails of the North West Frontier Province during the year 1929.

" " XII-A—Result of the employment of the convicts in the jails of the North West Frontier Province during the year 1929.

" " XIII—Net cost of the prisoners in the jails of the North West Frontier Province during the year 1929.
